

# MAEVA VO DINH

## CINEMATOGRAPHER

After studying applied arts, Maeva pursues an audiovisual techniques formation.

Quickly, she starts working on film sets as a camera operator and did that for 8 years.

At the same time, Maeva continues to develop her personal projects as a DOP combining travels, sport and lifestyle, which allow her to get her first commercials jobs in 2018.

Since then, Maeva works as a Director of Photography on commercials, music videos, documentaries and is working on developing narratives.
